

Carpet Serging Made Easy

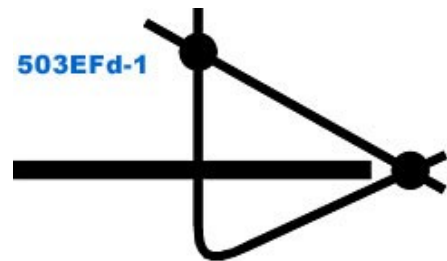

Union Special Machine Company is proud to announce the addition of two new carpet serging machines to its already popular heavy-duty 81200 Series machines.

These two new carpet sergers were developed to sew tight inside curves on automobile floor mats, carpets and similar materials. The new smaller sewing combination sews the tight curves with ease but still gives a good coverage on the edge of the material. The smaller combination will also easily sew long straight seams as well.

81200CZ122 is a single needle two-thread plain feed carpet serger for mats and carpets with tight inside curves.

Specifications:	81200CZ122
Needle	1
Threads	2
Seam Width	8-10mm
Stitch Range	8-16 SPI (3.2 – 1.6mm)
Stitch/Seam	503EFd-1

81200CZ124 is a single needle three-thread plain feed carpet serger for mats and carpets with tight inside curves.

Specifications:	81200CZ124
Needle	1
Threads	3
Seam width	8-10mm
Stitch Range	8-16 SPI (3.2 – 1.6mm)
Stitch/Seam	504Efd-1
